

## Certificate of Analysis

### Product Description

|                          |  |
|--------------------------|--|
| Product Name             | Human Primary Oral Keratinocytes Cells |
| Cat Number               | T4074                                  |
| Lot Number               | RZ8149                                 |
| Source Organism          | <i>Homo sapiens</i>                    |
| Source Organ             | Oral Epithelial Tissue                 |
| Cell Passage Number      | 2                                      |
| Viability                | >70%                                   |
| Freezing Medium          | Cryopreservation Medium (TM024)        |
| Date of Cryopreservation | April 29 <sup>th</sup> , 2016          |
| QC Evaluation Medium     | PriGrow X (TM4074)                     |

### Test for Microbial Contaminants

|            | Test Method    | Results      |
|------------|----------------|--------------|
| Bacteria   | Direct Culture | Not detected |
| Fungi      | Direct Culture | Not detected |
| Mycoplasma | PCR            | Not detected |
