

Product Datasheet

Cat. No.
TM4592

Name
Prigrow X Medium for T4592

Description

abm's PriGrow X Medium for T4592 is a medium developed for the cultivation of Mouse Primary Aortic Endothelial Cells (T4592). Supplement the basal medium with the provided supplement kit before use.

Pack Size

The kit has the following components:
1. TM4592 - Basal Medium (500 ml)
2. TM4592-S – Supplement Kit

Quality Control

Each lot has been fully tested and optimized for the ability to support the *in vitro* culture of aortic endothelial cells. The parameters of testing include testing adherence rate, typical morphology and metabolism of the tested cells. In addition, the media has been tested for sterility, pH, osmolarity and endotoxin levels.

Storage

Store the basal medium (TM4592) at 4°C and the supplement kit (TM4592-S) of this media should be stored at -20°C. The media is good to use until the listed expiry date on bottle. Media expires 30 days after supplementation.

Directions for Use

Thaw the supplement kit at 37°C or at room temperature. Combine the basal medium and the supplement kit together and mix before use.
